- John Shaw 6920 W St
- Roger Cook 6950 Lexington

What Size of a Telescope Shall We buy, and From Whom? Most Dealers will Give A Club a Discount.

There is no substitute for first hand knowledge that comes from studying the night skies-- with one's own telescope.

We are planning now, and hope-- soon to have our very own ---- Telescope and Observatory.

We have sky shows for the public and ourselves. Next public-- show will be at Gateway center-- August 4th, Wednesday Night. We have been rained out two months in a row.

Anyone interested in a telescoope or any parts, we have the catalogues and will be glad to be of service to you.

Union Loan and Savings have been good to us in letting us meet in their nice room.

A Subscription to Sky And Telescope Magazine Costing Just - \$6.00 Pays Also your Dues For-- the year In our Club

We want you to come to the -- Next meeting July 28th 7.30--- P M Union Loan and Savings--- Bldg. 56th and O St

Refreshments---Refreshments---

Need Someone to Report on --- Flying Saucers. There in The News Again

Dont Forget* Sky Show----- Gateway Shopping Center----- Aug 4th 7.30 Pm. Come Bring -- Your Telescope.

Telescope- Observatory-That's what we are going to talk---- About.
