

Prairie Astronomy Club      Lincoln Nebr      April 1967  
A Non-Profit Corp of the State Of Nebraska.

Next Meeting Tuesday Night, April 25th, & 30 PM, at the Uni Of  
Nebraska Wesleyan, Science Building.

Earl Moser your Pres, and Richard (Ricky) Johnson will give our  
side of the Picture, to the Lincoln Camera Club, Tues Night April  
18th.

17th annual Convention, Mid-States Region-Astronomical League  
(Kansas-Oklahoma, Missouri, Arkansas will be at Wichita Kans, June  
9, 10 & 11th, 1967. Your Pres, says he will attend, and maybe we will  
have several from Lincoln Co. Those wishing to go may get all the  
info, from your sec, y or Earl Moser. This will be held on Campus in  
Alexandria Hall. More about this at Meeting.

Your Pres, Letter.

The Coma-Virgo cluster of Galaxies is now in good viewing posi-  
tion for those of you who are working on the completion of the -  
Messier list. Several of the Club members have been out the last  
couple weeks. They had no trouble picking up, and seperating the  
M, galaxies from the dozen of others in the area. The direction by  
Dr Holyoke in his C, O, M, E, T program are quite easy to Follow---  
Just go 2 Deg north of the attractive double (Finder) Rho Virginis  
and find M59 and 60. Now re-trace your steps to M58. Go 2 Deg ---  
toward Denabola for M 87 ets. Its no problem at All.

A couple important dates to remember. May 15th at GATEWAY. Be  
there by 7. P M with your telescope. June 12th at LOLN-TV 40th and  
Vine St. Be there by 6.45 A.M. I will not be here for our May--  
meeting to remind you again. Try to be there, as many as can make it.

I am planning a trip out west the later part of May and the first  
of June. I want to visit some observatories along the way. All I can  
think of are the one, s near Flagstaff Ariz. There are others that May-  
be you can think of. I will also attend the Mid-State convention in  
Wichita Kansas on my way home June 9th to 11th. Of course I will be  
back in time for the T.V Show on June 12th. See you at the Meeting.  
Pres, Earl Moser.

We will receive 10 Cppies of the C O M E T Book by Dr Holyoke soon  
and those who wish them, speak up as the Supply went Last.

The letter which we are preparing for our fund raising is about com-  
plete (Complete, s the word).

Work is being done on plans for Observatory, and Location. Nearer than  
you think.

The Night Sky is just bursting with Star, s Planets, Moon, Ets for you  
to see. Take time and get that Scope out, if you dont your the one  
who is missing the BIG SHOW that's on Now.

See you at the meeting. Refreshments and lots to talk about.

J.W
