

SEPT 75

THE
PRAIRIE

TELESCOPE

SEPT 1975

OUR MEETING FOR THIS MONTH WILL BE HELD, AS USUAL, ON SEPT. 30, 1975 AT 7:30 PM IN THE OLIN HALL OF SCIENCE ON THE NEBR. WESLYEAN CAMPUS. THERE WILL BE A DRAWING FOR A DOOR PRIZE AND REFRESHMENTS AFTER THE MEETING SO BE SURE TO COME.

SORRY FOR THE LACK OF A NEWSLETTER BUT A TOTAL LACK OF TIME AND A NEAR TOTAL LACK OF ANY THING TO PRINT TOOK THEIR TOLL.

JB

↑↑↑↑THE PRESIDENTS REPORT↑↑↑↑

THIS MONTH NOMINATIONS FOR CLUB OFFICERS WILL BE OPENED, AND IF YOU HAVE SOME ONE IN MIND THAT YOU THINK WOULD MAKE A GOOD OFFICERYOU MAY PLACE THEIR NAME FOR NOMINATION FORTHAT OFFICE. IF YOU WOULD LIKE TO BECOME AN OFFICER TALK TO SOME ONE AT THE MEETING AND HAVE THEM NOMINATE YOU. IT IS GOOD FOR A ORGANIZATION LIKE OURS TO OCASSIONALLY ELECT A NEW OFFICER, AS IT MAKES FOR NEW IDEAS FOR THE CLUB.

JOHN BRUCE--PRES.

++++NOVA-NOVA-NOVA++++

IF YOU HAVE ANY PICTURES OF THE NOVA OR IF YOU MADE ANY OBSERVATIONS OF IT BRING THEM TO THE MEETING TO SHARE AND DISCUSS WITH EVERYONE. HAVING JUST RECEIVED BY SKY&TELESCOPE I DID NOT HAVE ENOUGH TIME TO THOURGHLY READ THE ARTICLE {TALK ABOUT SPEED, IT USUALLY TAKES SKY & TELE ABOUT 2 MONTHS TO GET SOMETHING INTO THEIR MAG.} BUT FROM MY QUICK SCAN I NOTED THAT IT HAD THE GREATEST KNOWN MAGNITUDE RISE GOR A NOVA RECORDED, ABOUT 3.9 MAGNITUDES, AND THAT IS QUITE A RISE IN THE SHORT TIME SPAN THAT IT TOOK.

++++GATEWAY SHOW++++

THIS WILL PROBABLY BE OUR LAST GATEWAY PUBLIC SKY SHOW FOR THE YEAR, UNLESS WE HAVE QUITE A WARM NOVEMBER. IT WILL BE ON THURS OCT. 7 ON THE GATEWAY MALL AND IF IT IS CLOUDY THAT NIGHT WE WILL TRY AGAIN THE NEXT NIGHT, THE 10TH. COME ON OUT MEET THE PUBLIC AND HELP MAKE THEM MORE AWARE OF THE HEAVENS OVER THEIR HEADS. SINCE I AM WORKING THE SWING SHIFT AT MY JOB--4:00-12:30-- IT IS VERY DOUBTFUL THAT I WILL MAKE IT TO THIS SHOW.
